KNITTING FOR WRAP WITH LOVE INC

Every Thursday during lunchtime a group of children who love to knit meet in the library. Children are invited to come along and learn to knit and share time with other school members. We hope to knit squares that will be sewn together to make blankets for WRAP WITH LOVE INC. This volunteer organisation distributes thousands of donated knitted blankets to cold and traumatised people in Australia and all over the world. It is so rewarding and beneficial for us help those in need while at the same time building relationships at school that foster kindness to others. Also knitting is a wonderful fine motor skill for all to enjoy.

So far we have made and donated 12 blankets to Wrap With Love Inc. and we hope to make may more. If you would like to knit squares or donate wool please contact Mrs Baitieri through the school. Please visit the WRAP WITH LOVE INC website above to see the wonderful blankets that have been donated. You can also read further information on the size of the squares and the needles and wool required.

Thank you and happy knitting.

Rosanna Baitieri
